

biocrates
The future of research and health

At biocrates, our mission is to make metabolomics accessible to facilitate breakthroughs in biomedical research. With our pioneering phenotyping products and services, we are changing the way health is measured. We help scientists and researchers gather new insights about disease prevention, laying the foundations for modern personalized medicine.

To strengthen our team in Innsbruck, we are looking for a part-time student for Marketing Communications, 10 h – 20 hrs/week from March 2024 (minimum 12 month).

Student for Marketing Communications (w/m/d)

What you'll be doing

- Collaborate with our marketing team and support the design of the marketing material (brochures, whitepaper, advertising, etc.)
- Maintaining and developing our social media presence and company homepage
- Assist organization of company events (symposia, exhibitions, webinars,...)
- Assist organization of campaigns (newsletter, mailings,...)

Does this sound like you?

- BSc or (MSc) degree in marketing, graphic design or a related field
- Fluent English is a must
- Experience with Adobe Creative Suite, Canva, WordPress and Microsoft Suite are an asset
- Proactive communication skills
- High motivation, result and customer orientation, efficiency and precision
- Enjoy working in an interdisciplinary team

Our offer to you

- A varied and fulfilling job in a friendly international team
- Continuous growth, professionally and personally, through further training opportunities
- Good public transport connections and relaxed parking situation
- The salary for this position is EUR 2200,00 gross per month (full-time)

About biocrates life sciences ag

biocrates, based in Innsbruck, is a global leader in the increasingly important field of Targeted Metabolomics. Our metabolomics kits are used in laboratories around the world. We work closely with our customers helping to measure samples and interpret metabolomics data.
